

8th February 2024

Dear Tayvallich families

We are looking to collect the following items for our playground. We thought that the holidays might be a good time for a sort out! We are keen to reuse and recycle where possible and if some items can't be collected we can look to order them instead. We are looking for the following:

A couple of pallets - if smooth

Wooden planks with a smooth finish

Lengths of guttering and pipes

Steering wheels

Robust plastic crates

Mooring buoys, ropes

A toy garage suitable for outdoors

Toy animals - plastic or wood

A wide range of toy vehicles (to play with not ride on thanks)

Marbles

We will be collecting soft toys and cushions for the Zen den once it arrives.

Does anyone have a basketball or netball hoop on a stand that they no longer need? We just don't have a suitable wall space to attach one too.

Many thanks

Primary 1-7 pupils
